Cooma's society and Christian ministry continues to benefit from Eric and Adrienne, from all the good things they do. There was a time when they organised the best youth group in town too.

Eric's career has offered him short-term assignment work in many overseas countries. The experiences shared through being closely engaged with these people in their own place has raised insights and issues worth telling at the Breakfast.

Adrienne, for the past 40 years, has been involved with "Know Your Bible" studies by CWCI that encourage women in their work place, home and church. CWCI started in Australia and expanded overseas. The studies are now translated and used in 50 languages and 70 countries. She will tell of this amazing journey and her part in that expansion.
