East Africa has been in the news lately with the homeland visit of world leader President Barack Obama of the USA. Our guest speaker, Garry, has only himself just returned from his visit to East Africa as part of a small team of Australians.

During 20 years giving leadership to Australian engineering projects in the Snowy Mountains, Garry recently volunteered his time with the teachers and thousands of students in Primary Schools in Uganda and Kenya. Each year for the last 3 years he has been drawn back again.

Come and enjoy good company over a hearty Breakfast, and hear Garry's story.
