"WHO'S TRULY RAISING OUR KIDS?
A CALL TO PROTECT CHILDHOOD AND RECLAIM THE HEART OF THE FAMILY"

Greg is the former chairman of the board of Brindabella Christian College and is passionate about the role of parents in raising children in a loving and caring family environment.

The question is urgent: What price will the next generation pay if we remain silent in the struggle to reclaim our right to raise our children, free from ideological interference by interest groups and government?
