

MONARO MEN'S BREAKFAST

St Paul's Anglican Hall, 136 Commissioner St, Cooma

Saturday 6th December 2025 at 7:30am Cost \$7.00

Speaker: Steve Hall (BTh,MA)

Steve has a simple philosophy that to get better organisations you need bigger people to lead them. For the last 20 years this has fed his passion for leadership development and his drive to develop his own leadership suite. Moving from the church world to an emergency service world has seen that drive become more focused. Steve's role as a chaplain allows him a unique insight into the world of senior leadership and its challenges especially during large scale events. Added to that is the complexity of a large volunteer leadership cohort.

Steve joined the NSW SES in 2003, was the full time as the Senior Chaplain since 2010 and retired in January. Previously, his leadership experience was in establishing and running churches across NSW. At the NSW SES, Steve has worked to establish a world class critical incident and chaplaincy program for all members. That has seen him being involved in a number of our large scale events both within NSW and inter-state. In the leadership space, Steve has helped drive a number of strategic initiatives to improve the delivery of leadership programs within his organisation. He has also been involved in the design and delivery of the Multi Agency Leadership Program.

To assist us in catering **please RSVP either**
